STANDARD OPERATING PROCEDURE

FOR ALL CLASSES OF SWINE

STEP 1

Inspect all bags or totes to ensure all are intact.

- 50 pound bags with 40 bags per pallet, or 2000 lb tote

STEP 2

Store in a dark room at regular room temperature. Keep out of reach of children.

STEP 3

Prior to use, put on appropriate Personal Protective Equipment (PPE), which may include, but is not limited to:

- Eye/face protection
 - Safety glasses or chemical goggles
- Skin protection
 - Gloves and adequate body-covering protective clothing
- Respiratory protection
 - When handling, keep away from the top of the bag when opening to avoid direct exposure to nose, eyes and mouth

Note: Review the Safety Data Sheet (SDS) before product use

STEP 4

Weigh product accurately and precisely when making feed.

- If putting directly into the bin, place metal ball in the micro bin when mixing product to maintain flow
- Feeding directions:
